

UTSHA KUMAR PAUL

Jr. Software Engineer

Dhaka, Bangladesh | +8801595462016 | utshapaul606@gmail.com

[GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Jr. Software Engineer with 2+ years of experience developing and maintaining production web applications. Experienced in Java/Spring Boot, Node.js, React, Next.js, PostgreSQL, MongoDB, and Redis, with hands-on involvement in backend development, database design, REST APIs, system integration, testing, deployment, and performance optimization. Comfortable working on real-time features, third-party integrations, background processing, and high-volume workloads.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, SQL

Backend: Spring Boot, Spring MVC, Spring Data JPA, Hibernate, Spring Security, OAuth2, Node.js, Express.js, Mongoose, Prisma

Frontend: React.js, Next.js, Redux, Zustand, React Query, Axios, React Hook Form, Tailwind CSS

Databases & Caching: PostgreSQL, MongoDB, Redis

Cloud & Infrastructure: AWS EC2, EBS, S3, SES, SQS, VPS, Docker, Jenkins

Development & Collaboration: Git, GitHub, Bitbucket, Jira, ClickUp, Trello

Additional Exposure: .NET, EFC(Asp.net), Kafka, gRPC, Neo4j, Pinecone, Airflow, Spark, Microservices, API Gateway, Service Discovery, Load Balancing, Circuit Breaker

PROFESSIONAL EXPERIENCE

Ztrios Technology | *Jr. Software Engineer · Full-time*

Apr 2024 – Present | 2 yrs 5 mos | Uttara, Dhaka

- Developed and maintained production applications including **Varyent**, **Khabaar**, **Shaheen Cadet Coaching Online**, **SEF Spelling Star**, and **Amar Advocate** across customer, admin, seller, student, rider, cooker, and representative platforms.
- Worked across the software development lifecycle, including system design, database design, API development, frontend development, testing, deployment, and production support.
- Designed database schemas and developed secure REST APIs using Spring Boot and Node.js for web and Flutter applications.
- Built real-time functionality including **WebSocket notifications**, chat, **push notifications**, and online video meeting features.
- Integrated third-party services including **payment gateways**, **Pathao**, **Steadfast**, **AWS services**, and location-based recommendation systems.
- Implemented large file upload workflows, CMS page builder features, and **background processing** using **asynchronous queues**.
- Improved application performance through **API optimization**, **database indexing**, **query optimization**, **caching**, and efficient data access.
- Worked on **queue-based processing** for high-volume operations and concurrent submission workloads.
- Handled **database migrations**, production debugging, deployments, code reviews, and performance tuning while following SOLID principles, **clean code practices**, and Git-based workflows.

PeopleNTech Institute of IT | *MERN Stack Developer · Intern*

Oct 2023 – Mar 2024 | 6 mos | Panthpath, Dhaka

- Developed full-stack applications using **React**, Next.js, Redux, Node.js, Express.js, MongoDB, **PostgreSQL**, and Prisma.

- Designed database schemas and **developed REST APIs** for application features.
- Built **responsive frontend** interfaces and **integrated backend APIs** with React and Next.js applications.
- Developed HLS-based video upload and streaming functionality.
- Implemented authentication, database operations, and application features using reusable and maintainable coding practices.

EDUCATION

Northern University Bangladesh — B.Sc. (Eng.) in Computer Science & Engineering, Ongoing

Dhaka Polytechnic Institute — Diploma in Computer Science & Technology, Session 2019–2020

LANGUAGES

Bangla: Native **English:** Professional Working Proficiency
